

DSL for stock market

Filip Plata

What are stock markets?

Technical analysis

What is wrong with market in Poland?

- **Around 100,000 people in Poland invest, many affluent**
- **Data is hard to find**
- **Tools are inflexible and expensive**

shutterstock.com • 739371700

What should we do about it?

- **DSL**
- **Web service for language execution**
- **Desktop interface**
- **Simple mobile app for notifications**
- **Space for people to share their ideas**

How?

- ✓ **DSL executed in the cloud, sending notifications**
- ✓ **Common technical analysis techniques baked in**
- ✓ **Online environment for testing of code**

Why?

Casino never loses money
